These children don't need just any families, they need the **BEST** families!

Every year, thousands of children are removed from their homes due to allegations of abuse and neglect.

In their moment of distress, these children need safe, loving families to care for them. These children don't need just any families, they need the BEST families!

Mission 1:27 provides resources and support to churches to help them lift up the voices of local children needing families and invite individuals and families to respond to God's call by providing them with loving care.

We want to give you the tools and resources to raise awareness of the needs of local children and engage your congregation to become the hands and feet of Jesus by providing hope and healing to children in need. We believe that as you lift up the needs of local children, you will find a new way to engage in the mission and vision of your church community.

As a Mission 1:27 Church you'll receive:

- A step-by-step Leader's Guide
- Professionally-designed posters, bulletin inserts, and informational brochures
- Engaging videos and other digital media
- Direct support from our Church Engagement Staff
- All at NO COST to your church
